**Hello children,**

My name is Bubble and I am a scarecrow. I live in a big field on a farm. All around me, lots of vegetables and plants are growing and it is my job to look after them.

I have to scare away the hungry birds that want to eat the seeds, vegetables and plants as they are growing. Sadly I'm not doing a very good job and now there aren't many vegetables left!

Please could you help me? Perhaps you could think of something that I could make to put food in to feed the birds.

Thank you for your help.

From
