

FARM ANIMAL FACTS

COWS

- *Cows spend about 8 hours each day eating.
- *They only have teeth on the bottom, they have no upper teeth.
- *Cows are social animals who form bonds with each other.
- *They can sense a storm coming and will lay down.

HORSES

- *Horses stand while sleeping and only sleep for about three hours a day.
- *They can drink up to 10 gallons of water in a day.
- *Horses are herbivores which means they eat grass and other animals.

DUCKS

- *Female ducks are called hens and male ducks are called drakes.
- *Ducklings are born ready to leave the nest, their eyes are open and they are able to find some of their own food.
- *Ducks feathers are waterproof.
